COMPREHENSIVE MEMBER LISTING OF NORTH AMERICAN AFTER-FABRICATION HOT-DIP GALVANIZERS

720.554.0900

galvanizeit.org

aga@galvanizeit.org

Kettle Dimensions: L x W x D

Designates capabilities to galvanize fasteners and other small parts to ASTM A153 specification

ABOUT THE AGA

Instituted to preserve, enhance, and protect the existence of the hot-dip galvanizing (HDG) industry, the American Galvanizers Association (AGA) works to fulfill the industry's needs for technical, marketing, and other support services. Celebrating more than 90 years of service, the AGA provides information on the most innovative HDG applications and technical developments, maintains an extensive technical library, and provides educational seminars to train in the specification and use of HDG. The AGA provides free technical support to North American specifiers; call [720-554-0900](tel:720-554-0900) or email aga@galvanizeit.org.

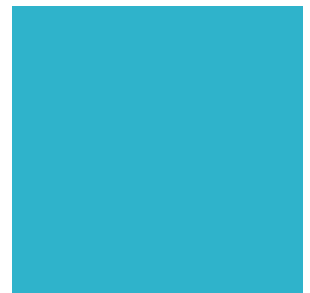

CONTINUING EDUCATION

The *Galvanize It!* seminar series is a free educational program designed for architects, engineers, and other specifiers. Created to increase awareness of the after-fabrication HDG industry, the *Galvanize It!* series provides a greater understanding of the HDG process, characteristics, cost, sustainability, and other benefits. Presented in-person as well as online, the seminar is registered for AIA learning units (for architects), and RCEP professional development hours (for engineers). For more information or to request one of our seminars, visit: galvanizeit.org/seminar

ONLINE RESOURCE

Visiting the AGA website is the fastest way to get the answers you need. The AGA website offers extensive information on HDG, including access to publications available for free download.
